At this point, I do not have the state specific impacts. I do expect the information soon, and I will pass it along to you. Thanks.

Hi Rudy,

Do you have info on how the cuts in the CR for FY11 impact Vermont? Specifically we know there is a \$997 million cut in the two revolving funds, and that if a proportionate cut was made to Vermont's total from FY10 which was about \$23.575 million, Vermont would lose \$6.75 million. I just don't know if the formula for either program means the cuts would be different. Any assistance you can provide us today on this is greatly appreciated.

Thanks,

Darren
